

## ● Total Energy Consumption

Total energy consumption	Unit	2017	2018	2019	2020
Total non-renewable energy consumption	MWh	56,411.7	54,158.1	51,015.0	61,784.6
Renewable Energy*	MWh	95.82	109.29	104.50	103.90
Costs of energy consumption**	KRW	29,497,428,832	29,029,795,706	27,760,778,108	29,548,405,317

\*The Amount of energy produced and consumed through the solar heat and photovoltaic power generation facility system installed in Shinhan Bank's data center

\*\*It is a figure calculated by separately calculating energy costs such as electricity, oil, fuel, and gas among sales and administrative expenses.
